a helping hand

by ElasticElla

Summary

When Ramona invited Annabelle to stay, it was honestly just to help the kid out.

Notes

hey remember that scene of annabelle sitting in ramona's lap? because that's all i've been able to think about this week

When Ramona invited Annabelle to stay, it was honestly just to help the kid out. It didn't hurt that she could do reduced rent, was great with Juliet and happy to play babysitter whenever asked. She sure didn't plan on getting her on her back, spread out with a soft gag in her mouth to muffle her.

Annabelle's a loud one, far louder than she would have guessed. It's flattering, how easy it is to make her scream, how she'll endlessly lavish praises upon her unless stopped, how she can't seem to stop herself from moaning.

Sweet kid, capable too.

"And that's five baby," Ramona purrs, curling her fingers into a fist, and pressing up.

Annabelle whimpers at the movement, barely audible. Tears on her porcelain cheeks, but wetness gushes around her hand, Annabelle's hips making tiny jerks to ride it. It's clear she needs more, and Ramona's more than happy to give it to her, presses three fingers against her wrist, sliding up into her pussy.

Annabelle screeches at the stretch, only half caught in the gag, legs trembling against her as she comes easy. The first time is always easiest; knuckles rolling inside her, there's resilience in her youth and today she's going to find out exactly how many times Annabelle can come before passing out.

A few more orgasms, and Annabelle's voice will be shot, the gag removable. Ramona smiles up at her, presses her fingers deeper, watches her squirm and sweat.

"We're just getting started baby."
